Safe Environment

The vast majority of those who are called to ministry or ordained for service in the church live a committed effort to follow in Christ's footsteps.

It is the expectation of NFCYM that each delegation/group leader ensures all chaperones are compliant with and abide by their local diocesan youth protection policies.

It is our belief that God's goodness and grace supports this work and those called to service in ministry.

On-site Procedures:

- Security at all entryways checking for event access badges
- "See Something, Say Something" policy
- All event staff, exhibitors, and volunteers required to provide proof of safe environment compliance
- All participants expected to abide by a Code of Conduct

COVID-19

NFCYM continues to move forward in a spirit of optimism with plans for an in-person National Catholic Youth Conference (NCYC) November 18-20, 2021, in Indianapolis.

If you have previously participated in NCYC, 2021 will look and operate differently to help protect participants to the degree possible from infection. We are developing COVID-19 Safety Guidelines that will be updated periodically based on guidance from state and local authorities as well as the Centers for Disease Control and Prevention.

Areas that we are exploring include, but are not limited to:

- Required Masks & Social Distancing
- Limited Session Capacity & Participant Groupings
- Designated Areas for Food & Beverage Consumption
- Sanitizing Stations & Periodic Cleaning of Frequently Touched Surfaces
- No Facility Access for Those Experiencing Symptoms of COVID-19

Guidelines subject to change based on local requirements at the time of the event.
